THE BAYCO 700 PLUNGER BALLWASHER

Warren Lawler – Superintendent **ARMIDALE GOLF CLUB**

“I have been a golf course Superintendent for 24 years. Recently I purchased 3 Bayco plunger 700 ballwashers for my golf course Armidale Golf Club. I have used many other ballwashers over the many years of being in the industry. The Bayco 700 is the ducks guts. It doesn't wear out, there are no complications or moving parts. Best value for money ballwasher on the market - with out a doubt”.

Martyn Black – Superintendent **CASTLE HILL COUNTRY CLUB**

“I purchased from Dint 18 Bayco Plunger. The ballwashers worked really well. They were efficient and very easy to maintain as they have no moving parts”.

Daryl Edwards - HYATT REGENCY COOLUM

“When I was Super at the Hyatt Regency Coolum, the club purchased 18 Bayco 700 plunger ballwashers from Dint. I found the ballwashers worked really well. They were efficient and very easy to maintain as they have no moving parts.

Brian Sears - General Manager **DARWIN GOLF CLUB**

I purchased 9 Bayco 700 ballwashers from Dint in 2007. To this day I have not had to touch them. I have had no problem at all with them as they don't leak, like other ballwashers on the market. In summary the Bayco 700 is a fantastic low maintenance ballwasher.
